Members & Friends:

It's time again to update Walpole Chamber's most important resource tool; The Directory & Resource Guide. Last year, Chamber distributed the directories to more interested parties than ever and feedback was most positive. We're looking forward to reaching even more businesses this year with an expanded production. Each year, Chamber sends these books to all its Members and advertisers, as well as businesses and individuals across the country, interested to doing business with Walpole.

Will you be part of it?

If your business wants this type of yearlong exposure, you'll want to be included in this year's issue. Here's how you can participate:

- 1) Make sure the information on the outside label is accurate. This is how you will be identified in the general listings in the book. Please advise us of any changes.
- 2) Become a Member. Membership gains you prime location at the front of the book.
- 3) Purchase an **expanded listing or advertising spot**, ensuring new inquiries see your business first and foremost. (An advertising sheet with all the details is included).

Please be sure to respond **no later than May 7th** to be included in the 2008 Walpole Chamber of Commerce Directory. We're looking forward to hearing from you.

Tom Scotti
Chamber Director
